

I see by the Lobbyist and special interest crowd, that you so called Public Service Elected officials are again trying to SCREW the little people by banning the Freedom of the Airways, and again trying to brainwash us to your personal interest agenda. Lets leave Public Radio Alone the Weather and Traffic Reports can be a life saver for thousands of your

constituents. If you CARE for them you will cease and desist At Once. Stop taking our freedoms away from us again. Rita M. Pupo
